

CITY OF JERSEY CITY

EMERGENCY MASS ALERT SYSTEM

GET CONNECTED

Mayor Jerramiah T. Healy and the Office of Emergency Management unveiled a 21st century mass alert system that takes advantage of the latest technologies available to reach residents and businesses with important messages regarding emergencies and public safety.

HOW IT WORKS

Register any medium of your choice for **FREE!**

Just give us your home telephone number , your email address

or your cell phone number  and we'll contact you with the

latest updates, alerts, or emergency notifications.

USERS' BENEFITS

Once registered, you will be able to invite family and friends to join and build out your own personal emergency network. You can even register your household as a special needs home. This will help keep your loved ones safe during any emergency which could impact their quality of life, such as a power failure or evacuation.
