

What: Pre Construction Meeting For:
Resurfacing North Contract, Project No:16-013-E Year 2016
Resurfacing South Contract, Project No:16-011-E Year 2016

Where: Division of Engineering & Traffic, 3rd floor conference room
13-15 Linden Avenue East JC NJ

When: Monday, August 22, 2016 at 10:00 a.m.

Project Scope: The projects involve the milling and paving with minor full depth base repairs of approximately 15 miles of miscellaneous roads throughout Jersey City. Curb ramps were recently constructed in conformance with ADA standards during a previous contract. Project also involves installation and resetting of manholes, catch basins, curb pieces, water valves, and line striping.

The set completion time for this project is one hundred eighty (150) consecutive calendar days.
