Mayor Healy to Cut Ribbon on Satellite Construction Code Office at HUB

JERSEY CITY – Mayor Jerramiah T. Healy will cut the ribbon for a new **satellite Construction Code Office at 10 a.m., on Tuesday, Sept. 18, 2007, in the HUB, 360 Martin Luther King Drive.**

“The primary complaint about the Construction Code Office is that it is inaccessible to the general public,” said **Mayor Healy**. “This new office offers a remedy to that problem. There is ample parking and it is easy to locate. With this new location, we are bringing service to the people.”

The new office will be especially convenient to homeowners and small business owners. The site will accept applications for building permits, Certificates of Occupancy and Continued Certificates of Occupancy. Additionally, individuals will be able to request inspections and there will be a representative from the Passaic Valley Sewage Commission for sewer connections on Tuesdays and Thursdays after 12 PM.

“This site offers our customers an alternative, of sorts,” said Robert Antonicello, Acting Director of Housing, Economic Development and Commerce, which oversees the Construction Code Division. “Depending on their location and needs,” he continued, “they can avoid the hustle and bustle of downtown Jersey City by going to our new locale.”

All applications will be sent to 30 Montgomery Street and processed. Upon completion, applicants may be able to pick-up permits at the new location.

The new satellite office will be located at 360 Martin Luther King Drive, inside Extra Supermarkets, and the hours of operation will be 10 AM to 3:30 PM.

All media inquiries should be directed to Jennifer Morrill, Press Secretary to Mayor Jerramiah T. Healy at 201-547-4836 or 201-686-7244.///
